

NOTICE OF INTENT (NOI)
Applicable to Irrigated Lands in the Tulare Lake Basin Area
INSTRUCTIONS

You must complete the entire form. Pursuant to State Board Resolution 2008-0073, an administrative fee of **\$50** has been developed to recover staff costs associated with processing forms and conducting outreach efforts to nonparticipants. However, if the landowner or operator has received a California Water Code section 13260 or 13267 Order, the administrative fee is increased to **\$200**. This fee is to be submitted with this NOI and made payable to the State Water Resources Control Board (SWRCB).

Upon submittal of a complete NOI, and after receiving confirmation from the Kern River Watershed Coalition Authority that you submitted a complete coalition membership application, the Water Board may issue a Notice of Applicability (NOA), after which you will be considered covered under this Order.

Section 1. The information in this section pertains to the person(s) owning the parcels listed in section 3 (referred to as the “landowner”).

Box 1e. If the landowner is also the person running the day to day activities of the irrigated agricultural operation on the parcel(s) listed in section 3 (referred to as the “operator”), enter “Yes” in box 1.e and then skip boxes 2a. through 2d. If the landowner and the operator are two separate people, completely fill out boxes 2a. through 2d.

Section 2. The information in this section pertains to the person(s) running the day to day activities of the irrigated agricultural operation on the parcel(s) listed in section 3 (referred to as the “operator”). If the landowner and the operator are the same person, please skip boxes 2a. through 2d. If the landowner has more than one cropland operator, please attached additional sheets, and list which parcels are operated by each operator.

Box 2e. Indicate the name of the business or farm.

Box 2f. When submitting this NOI, the landowner or operator must **also** submit an application to join the Kern River Watershed Coalition Authority. The coalition does not require that both the owner and the operator must join; only one or the other. If the coalition membership application has not been submitted, please go to their website at <http://www.krwca.org/> and submit the application.

Once the coalition membership application has been completed, check either **landowner** or **operator** in box 2f. to notify the Central Valley Water Board who has obtained coalition membership (or skip if the landowner and operator are the same person).

Section 3. Please list all Assessor Parcel Numbers (APNs) of parcels for which you are requesting regulatory coverage, the county of each parcel, the number or irrigated acres on each parcel, and the crop type or other applicable land use type that occurs on the parcel. Examples of other land use types (other than crops) that need regulatory coverage under the Irrigated Lands Regulatory Program include managed wetlands, pasture, and nurseries.

Section 4. Certification statement.

Box 4a. Signature of the landowner or operator, certifying the NOI.

Box 4b. Date the landowner or operator signed and certified the NOI.

Send completed forms to:
